REPORTS/ITEMS FOR INFORMATION

Cllrs Whitaker and Norris signed a cheque pertaining to: (Joint) Clerk salary, nett, for period June/July/2015 and expenses outstanding.

Cllr Mrs Lockhart said she had no positive information from the highways authorities regarding the possibility of introducing vehicle weight restrictions in the parishes. Also, Cllr Lockhart commented on the condition of drainage ditches; to which Cllr Norris said that RAU took on much of the responsibility for ditch clearance in the area.

Cllr Norris told the meeting that RAU were in preliminary discussion with CDC on the issue of a potential development of 6 – 8 light-commercial units, operating on a 9am-5pm timeline.

Cllr Ford told the meeting that his attendance at the recent Watermark Liaison Meeting revealed little of importance, apart from the expiration of their lease in the next twelve months and their intention to put parking meters at all sites. He also mentioned the continued, blatant fly-tipping on the A419 verges, in particular, scrap tyres.

Cllr Whitaker said it would help if everyone was alerted to the fly-tipping situation, and, whenever possible, record dates, times and registration numbers and report the information as without delay to Peter David, NW Coordinator.

Cllr Whitaker confirmed that he and Cllr White shall be attending the liaison meeting being held by the county's Police and Crime Commissioner on 9th September.

Chair advised Members to deliberate among themselves on their aptitude towards portfolio responsibility, with the aim for delegation at the next scheduled meeting.

After confirming the next scheduled Meeting is to be held at the Market Canteen at 7:00pm on September 8th, Chair closed the Meeting at 7:57pm.
